

Choose key credentials in Pinpoint.

 Apple Push Notification service (APNs)

Authentication type

Key credentials

Certificate credentials

Select APNs channels to enable

APNs Production

APNs Sandbox

APNs VoIP

APNs VoIP Sandbox

Key ID

This value can only contain alphanumeric ASCII characters.

Bundle identifier

Team identifier

This value can only contain alphanumeric ASCII characters.

Authentication key (.p8 file)

Default authentication type

Choose the method that Amazon Pinpoint should use to authenticate with APNs when you send notifications from this project. [Info](#)

Key (recommended)

Certificate

1. Key ID

<https://developer.apple.com/account/resources/authkeys/list>

Use an existing push key or create a new one.

[< All Keys](#)

Register a New Key

Key Name

You cannot use special characters such as @, &, *, !, ", -, .

ENABLE	NAME	DESCRIPTION
<input checked="" type="checkbox"/>	Apple Push Notifications service (APNs)	Establish connectivity between your notification server and the Apple Push Notification service. One key is used for all of your apps. Learn more
<input type="checkbox"/>	DeviceCheck	Access the DeviceCheck and AppAttest APIs to get data that your associated server can use in its business logic to protect your business while maintaining user privacy. Learn more

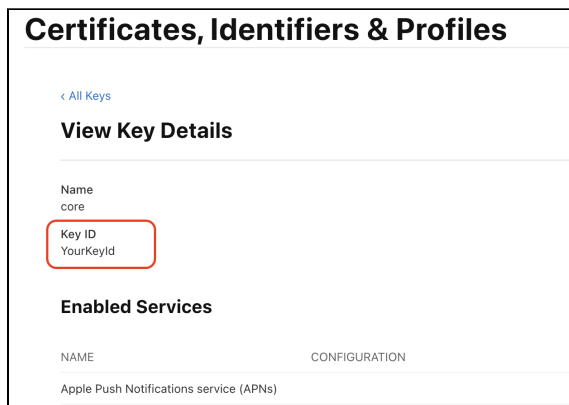

Make sure to download your key after creating it. This is used in step 4!

[< All Keys](#)

Download Your Key

 After downloading your key, it cannot be re-downloaded as the server copy is removed. If you are not prepared to download your key at this time, click Done and download it at a later time. Be sure to save a backup of your key in a secure place.

Name: test

Once created click on the key to view your key ID.

2. Bundle identifier should match the bundle ID from App Store and in XCode.
For example "software.bitbybit.alertwalker"
3. Team identifier
<https://developer.apple.com/account#/membership/>

Membership Information	
Program Type	Apple Developer Program
Team Name	tom greco
Team ID	YourTeamId

4. Authentication key (.p8 file).

Upload your p8 file that you downloaded in step 1.

Click save in Pinpoint and you should be good to go.
